

INQUA SEQS Conference 2021
***“Quaternary Stratigraphy –
palaeoenvironment and humans in Europe”***

Dear Colleagues!

We are pleased to invite you to participate in the
“Quaternary Stratigraphy – palaeoenvironment and humans in Europe” meeting
of Section on European Quaternary Stratigraphy, which is planned
to be held between **13.09** and **18.09.2021**
in Wrocław and Sienna near Stronie Śląskie, Poland.

Institutions supporting the conference:

INQUA – SEQS Section on European Quaternary Stratigraphy

INQUA – SACCOM Commission on Stratigraphy and Chronology

INQUA – International Union for Quaternary research

University of Wrocław

Polish Academy of Sciences

Committee for Quaternary Research, PAS

Polish Geological Society

Programme

A more detailed program will be announced in the second circular.

Due to the dynamic pandemic situation, the organizers reserve the right to change the conference mode to remote on-line meeting. However, we will do everything we can to make this year's meeting a traditional one.

Scientific topics

1. Karst and Cave sequences – On the occasion of the International Year of Caves and Karst areas.
2. Quaternary stratigraphy, chronology, geomorphology, and tectonics.
3. Humans and environment during Quaternary – environmental and faunal changes, hominid dispersion in Europe.
4. From hot to cold – Quaternary interglacials and glacials in Europe.
5. Middle Pleistocene stratigraphic sites in Europe (DATESTRA).
6. Major regional subdivisions of the Quaternary in European and Asian regions: towards a common, database (DATESTRA).
