## GRANT RELEASE FORM

Dear colleagues,  
 INQUA (Project EQ 2444) provides the possibility for limited financial support to the SEQS activity in 2024. The support concerns only (a part of) travel-accommodation costs or registration costs and is primarily meant for PhD students, Early Career Researcher (ECR, less than 8 years PhD) and DCRs Researchers.  
 If you want to make use of this opportunity for the 2024 meeting in Italy you can ask for support by sending the application form to the SEQS' board:

**There is no guarantee that all costs can be covered by the INQUA grant.**  
**PLEASE, read carefully below**

As stated by INQUA:

*“...funding may be used for: travel, accommodation and (non-alcoholic) subsistence costs of researchers in meetings organized through a Project or Conference. At least 75% of the amount of the grant used to fund participation should support the participation of ECRs and/or DCRs in Project events (see [www.inqua.org](http://www.inqua.org) for definitions)”*

*“...all original, official non-handwritten receipts (incl. boarding passes for flights) are required for all expenses. Any expense not represented by an official receipt will need to be refunded to INQUA”.*

**Reimbursement will be done after submission of electronic and original copies of receipts and regular bills certifying the expenses** (i.e. flight ticket and boarding pass; receipts for hotel or other accommodation; receipts for meals, excluding alcohol drinks; receipts for conference fees, etc...). **In fact, the original receipts (incl. boarding passes in the case of electronic tickets) must be submitted to provide an auditable record of INQUA support.**

**Details about Grant release will be provided later.**
